URBAN RACKS

INNOVATIVE | BICYCLE PARKING

Security

- Each bike is always accessible and allows for one wheel and frame to be locked

User Accessibility

- Reinforced with the strongest rack tubing materials in the industry
- Staggered height allows for higher density, as close as 16" apart

Installation

- Racks can be installed free standing or directly into a concrete wall

Sustainability

- Contributes to LEED v4 credits
- Lead-free powder coating and galvanizing
- Composed of at least 26% recycled materials

Warranty

- Installation warranty
- Full replacement

Finish & Customization

- Galvanized, stainless steel or powder coated (standard & custom colors available).
