URBAN RACKS

INNOVATIVE | BICYCLE PARKING

Security

- One wheel and frame can be locked and secured
- Robust rack tubing, strongest in the industry
- Each rack can hold most bikes

User Accessibility

- A single corral can park as many up to six bikes with an expansion option to park more
- Straightforward design allows for effortless utilization

Flexible Installation

- Easy installation and removal for temporary or permanent placement
- Can be directly installed into concrete as individual racks or corral plate can be used for higher volume installation

Sustainability

- Contributes to LEED v4 credits
- Lead-free powder coating and galvanizing
- Composed of at least 26% recycled materials

Warranty

- Installation warranty
- Full replacement

Finish & Customization

- Galvanized, stainless steel or powder coated (standard & custom colors available).
